

Isaac Andrade

Senior SAP MM/SD Consultant | Brazil Localization Specialist

SAP S/4 & ECC | P2P, OTC, NF-e & SAP DRC | Global Rollouts

Rio de Janeiro, Brazil | +55 21 98187-0076 | isaac@isaacaoficial.com | [linkedin.com/in/iandrade](https://www.linkedin.com/in/iandrade) | isaacaoficial.com

SAP CONSULTANT CV | CAREER & PROJECT PORTFOLIO

EXECUTIVE PROFILE

Senior SAP MM/SD Consultant and Brazil Localization Specialist with 25 years of SAP experience, spanning SAP ERP/R/3, ECC and S/4HANA projects. Bridges global templates and end-to-end Procure-to-Pay and Order-to-Cash processes with Brazil-specific tax, accounting and operational requirements, integrating SAP MM and SAP SD with FI, electronic invoicing and external solutions. Combines hands-on functional delivery, integration leadership and project governance across implementations, global rollouts, brownfield transformations and AMS. A Technical Diploma in Accounting provides additional insight into Brazilian tax and accounting requirements. Founder of TargPoint Consulting since 2008.

SAP DELIVERY SNAPSHOT

25 years of SAP experience | 12 SAP Full Lifecycle implementations and rollouts

11+ SAP S/4HANA engagements, with project experience since 2019 | 20+ Brazil Localization projects

INTERNATIONAL EXPERIENCE

Projects in the United States, Norway, Italy, Mexico and Argentina

Collaboration with teams in India, Turkey and distributed global teams

CORE EXPERTISE

SAP and processes: SAP MM, SAP SD, SAP IS-OIL, P2P, OTC, Procurement, Goods Receipt, Invoice Verification, pricing, billing, tax determination and MM/SD/FI integration

Brazil Localization and electronic documents: SAP DRC, SAP GRC NF-e, NF-e, NFS-e, CT-e, SEFAZ, TAXBRA, TAXBRJ, J1BTAX and SPED

Tax and Brazil Tax Reform: CFOP, CST, ICMS, ICMS-ST, DIFAL, IPI, PIS/COFINS, CBS, IBS, Selective Tax, EC 132/2023 and LC 214/2025

Integrations and solutions: ONESOURCE Tax One, ONESOURCE Indirect Tax Determination (OITD), Vistex-to-SAP, Smart Tax Platform, GUEPARDO Tax, GUEPARDO e-Invoicing, Salesforce-to-SAP, SONDA Comply and SONDA Comply e-Docs

Project delivery: Full Lifecycle, end-to-end, Greenfield, Brownfield, global rollouts, AMS, RICEF, SIT, UAT, cutover, go-live and hypercare

Leadership, governance and controls: Functional Leadership, Project Management, Risk Management, Stakeholder Management, SOX and Internal Controls

SELECTED PROJECT HIGHLIGHTS

Shell | Current SAP SD/OTC and Brazil Localization engagement for Power and Gas operations, integrating ONESOURCE Tax One, OITD, SONDA Comply, SONDA Comply e-Docs and NF-e.

Roche | Brazil OTC Lead for ASPIRE, covering S/4HANA fit-gap analysis, Vistex-to-SAP pricing interfaces and global template alignment.

IMI Fabi | SAP MM/SD and FI integration for Brazil Tax Reform, CBS/IBS, Smart Tax Platform and SAP GRC NF-e-to-DRC migration.

Innospec | Global S/4HANA Greenfield rollout covering Brazil Localization, SD/OTC, NF-e, GUEPARDO Tax, GUEPARDO e-Invoicing and the initial implementation of Brazil Tax Reform changes.

CAREER OVERVIEW

1999-2002 Americhel / ATL / Claro | **2002-2007** BearingPoint | **2007-2008** Accenture | **2008-Present** TargPoint Consulting

CURRENT ENGAGEMENT

Shell

Senior SAP SD/OTC Consultant | Brazil Localization, ONESOURCE Tax One & OITD Advisor

TargPoint Consulting, via Seidor and BIP | Current engagement as of August 2026

[SAP ECC](#) | [SAP SD/OTC](#) | [Brazil Localization](#) | [ONESOURCE Tax One](#) | [OITD](#) | [SONDA Comply](#) | [SONDA Comply e-Docs](#) | [NF-e](#)

Supports the adaptation of a global SAP ECC template for Shell's Power and Gas businesses in Brazil. Connects sales, pricing and billing with Brazil Localization, ONESOURCE Tax One and ONESOURCE Indirect Tax Determination (OITD), together with SONDA Comply for tax processes and SONDA Comply e-Docs for electronic-document messaging. The Power workstream is live, while the Gas workstream remains in progress, with ongoing support for functional decision-making, testing and alignment across Shell, BIP and Seidor.

2024-2026 | STRATEGIC SAP PROGRAMS AND BRAZIL LOCALIZATION

COMPLETED STRATEGIC ENGAGEMENTS

Roche

Brazil OTC Lead | SAP SD and S/4HANA Transformation | ASPIRE Program

TargPoint Consulting, via RED

[ECC to S/4HANA](#) | [OTC](#) | [Global Template](#) | [Brazil Localization](#) | [Vistex-to-SAP](#) | [ONESOURCE Tax One](#)

Led the Brazil OTC workstream for the ASPIRE program, aligning the global template with Brazil-specific commercial and tax requirements. Mapped and analyzed Vistex-to-SAP pricing interfaces, including the flow of selected pricing condition values into SAP and the revised integration scope after ONESOURCE Tax One was introduced. Prioritized gaps across sales, pricing, billing, tax determination and integrations, and supported test scenario preparation. The assignment concluded before the broader program and tax-engine implementation were completed.

Alpek Polyester Brazil

Senior SAP MM and Brazil Localization Consultant | PRODEPE and Support Portfolio

TargPoint Consulting, via INTEREX | Completed engagement

[SAP S/4HANA](#) | [SAP MM](#) | [Procurement](#) | [Backlog](#) | [Intercompany](#) | [PRODEPE](#)

Supported the Mexico-based consulting team with the functional and regulatory requirements of the Brazilian operation. Reviewed a backlog that included enhancements, system adjustments and process redesign, and configured SAP MM processes for a new group company and intercompany sales within the same Brazilian state. Coordinated testing, stabilization and training for the Purchasing team. The PRODEPE implementation was completed in June 2026, and the broader support engagement also concluded in 2026.

Innospec Brazil

Senior SAP SD/OTC and Brazil Localization Consultant | Global Greenfield Rollout

TargPoint Consulting, via NTT

[SAP S/4HANA Greenfield Rollout](#) | [SAP SD/OTC](#) | [Brazil Localization](#) | [NF-e](#) | [GUEPARDO Tax](#) | [GUEPARDO e-Invoicing](#) | [Brazil Tax Reform](#)

Designed and implemented Brazil Localization processes for a new Brazilian operation within a global SAP S/4HANA Greenfield rollout, connecting sales, pricing, billing and NF-e with SAP MM, FI, GUEPARDO Tax and GUEPARDO e-Invoicing. Defined requirements, Brazil-specific process design and RICE items, then supported testing, go-live, stabilization and production support. Also initiated and supported the implementation of Brazil Tax Reform changes across pricing, tax determination, billing and fiscal documents.

IMI Fabi

Senior SAP MM/SD Consultant | SAP GRC NF-e to SAP DRC | Brazil Tax Reform

TargPoint Consulting, via PL3

[SAP MM/SD](#) | [FI Integration](#) | [Smart Tax Platform](#) | [Brazil Tax Reform](#) | [EC 132/2023](#) | [LC 214/2025](#) | [CBS/IBS](#) | [GRC-to-DRC](#)

Led SAP MM/SD functional workstreams, integrated with FI, across two related initiatives: Brazil Tax Reform implementation and migration from SAP GRC NF-e to SAP DRC. The Tax Reform stream covered inbound and outbound processes, pricing, tax determination, NF-e, MIGO, MIRO, testing, Smart Tax Platform integration and CBS/IBS fields under EC 132/2023 and LC 214/2025, including Selective Tax impact analysis. The statistical phase went live on January 2, 2026. The DRC stream covered NF-e issuance and receipt, SEFAZ integration and end-to-end functional testing; SAP DRC went live in December 2025.

Usiminas

SAP MM/SD Consultant | Business Partner Governance in SAP ECC

TargPoint Consulting engagement

SAP ECC | Business Partner | Centralized Model | Data Governance | Number Ranges

Defined a centralized Business Partner model in SAP ECC, with data-governance rules and number ranges organized by account group. The design strengthened master-data governance and standardized the customer and vendor structure.

2022-2024 | PROJECT PORTFOLIOS, S/4HANA AND INTEGRATIONS

ENGINE CLIENT PORTFOLIO

Through TargPoint Consulting's relationship with Engine, managed and supported a portfolio of SAP implementation, migration, integration and improvement initiatives. The portfolio required project governance, prioritization, scheduling, risk management, testing coordination, vendor alignment and decision support across business and technology teams.

Megalabs Brazil

SAP Project Manager | S/4HANA Brownfield Migration

TargPoint Consulting, via Engine

SAP ECC to S/4HANA | Brownfield | Project Governance | Testing | Risk and Vendor Management

Managed the Geyer Project, coordinating the plan, schedule, functional and technical workstreams, testing, risks, suppliers and key solution decisions. Kept dependencies visible and coordinated project teams throughout the brownfield transformation.

Natulab

SAP Project Manager | Valgêense Integration and Governance

TargPoint Consulting, via Engine

Systems Integration | Governance | Risk Management | Infrastructure Dependencies

Established governance, status tracking and alignment between Engine and the client while critical infrastructure dependencies affected delivery. Coordinated replanning and mitigation related to IP addressing, the communication tunnel and public IP availability. Internal validations were completed before the planned transition to formal closure and AMS.

Lola Cosméticos

SAP Project Manager | Salesforce-to-SAP Integration and OTC

TargPoint Consulting, via Engine

Salesforce-to-SAP | OTC | Customer and Product Data | Pricing | Sales Orders | Integration Testing

Led the end-to-end integration between Salesforce and SAP, covering governance, schedule and the functional and technical workstreams. The solution integrated customers, products, pricing, discounts and sales orders, went live in October 2023 and was followed by post-go-live stabilization support.

Silimed

SAP Project Manager | Backlog Governance and Improvements

TargPoint Consulting, via Engine

Backlog Governance | Prioritization | Dependencies | Risk and Delivery Tracking

Structured the SAP improvement backlog into clear priorities, executable plans and review cycles. Maintained alignment between business demand, technical capacity and delivery progress.

Mondial Eletrodomésticos

SAP Solution Specialist | S/4HANA Greenfield Governance

TargPoint Consulting, via Engine

SAP S/4HANA Greenfield | Solution Governance | Impact and Dependency Analysis

Supported project management and solution governance in a complex Greenfield implementation. Monitored workstreams, assessed impacts and dependencies, and translated functional and technical topics into decisions aligned with the overall solution design.

Additional Engine initiatives | Localrio, Urbem and Petroplus - focused SAP, S/4HANA, MM/SD, integration, backlog and process-improvement assignments delivered within the same portfolio structure.

2021-2024 | CONSULTING PARTNER PORTFOLIOS

NTT DATA CLIENT PORTFOLIO

Delivered SAP MM and SAP SD assignments through TargPoint Consulting's contract with NTT DATA. The portfolio combined targeted functional analysis, incident and demand resolution, integration support, solution design and proposal development across different industries and SAP environments.

Kordsa

SAP SD Consultant | S/4HANA and Brazil Localization

TargPoint Consulting, via NTT

[SAP S/4HANA](#) | [SAP SD](#) | [Brazil Localization](#) | [Sales and Billing](#) | [Global Template](#)

Adapted sales and billing scenarios in the Janus Project to Brazilian business and regulatory requirements, working with NTT Brazil and NTT Turkey. Supported configuration, functional analysis and user validation. The engagement concluded before the overall program was completed.

Flexsys

SAP SD Consultant | Brazil Localization Project Recovery

TargPoint Consulting, via NTT

[SAP SD](#) | [Brazil Localization](#) | [Configuration](#) | [Testing](#) | [Go-live Readiness](#)

Helped recover and restructure the SAP SD workstream during an intensive implementation phase. Reorganized Brazilian sales and billing scenarios, translated local tax requirements into the commercial process, prepared functional testing and supported the initial post-go-live period.

NTT multisector assignments | Eletrobras, Castrolanda, Ontex, Mueller, Neoenergia and Le Biscuit - targeted SAP MM/SD assignments covering procurement, sales, billing, issue resolution, integration support, solution design and proposals.

ETHO IT SOLUTIONS CLIENT PORTFOLIO

BP Bunge Bioenergia

SAP MM Team Lead | S/4HANA Brownfield Migration

TargPoint Consulting, via Etho

[SAP MM](#) | [S/4HANA Brownfield](#) | [User Testing](#) | [Go-live Preparation](#) | [Hypercare](#)

Led the SAP MM functional workstream through user validation, issue resolution and go-live preparation, and supported process stabilization during hypercare.

ofi Brazil / Olam Coffee Brazil

SAP SD Consultant | S/4HANA and Brazil Localization

TargPoint Consulting, via Etho

[SAP S/4HANA](#) | [SAP SD](#) | [Sales and Billing](#) | [Brazil Localization](#) | [Global Environment](#)

Delivered SAP SD improvements and functional adjustments for the Brazilian coffee operation, aligning commercial processes with Brazil Localization requirements and the global SAP model. Worked with local and global teams to support business validation and solution alignment.

ORIGENTECH CLIENT ENGAGEMENT

SLB

SAP SD/DRC Consultant | NF-e and Brazil Localization

TargPoint Consulting, via OrigenTech

[SAP S/4HANA](#) | [SAP DRC](#) | [SAP SD](#) | [NF-e](#) | [SEFAZ](#) | [Electronic Invoicing](#)

Contributed to one of the early SAP DRC implementations for NF-e in Brazil. Structured and validated electronic-invoicing scenarios, SEFAZ communication and NF-e issuance, translating Brazil tax requirements into SAP SD configuration and integrated testing.

2020-2021 | S/4HANA TRANSFORMATIONS AND BRAZIL LOCALIZATION

IMI Fabi Talco

SAP MM/SD Consultant | S/4HANA Brownfield Migration and Brazil Localization

TargPoint Consulting, via PL3

[ECC to S/4HANA](#) | [SAP MM/SD](#) | [FI Integration](#) | [Brazil Localization](#) | [SPED](#) | [NF-e](#) | [RICEF](#) | [Cutover](#)

Worked across SAP MM, SAP SD and Brazil Localization in a legacy environment with extensive customizations and automated processes. Reconstructed the AS-IS logic, designed TO-BE processes, reviewed tax and logistics requirements, managed RICEF items and supported integrated testing, cutover and the successful move to production.

Engineering Informatica Portfolio

SAP MM/SD Consultant | Brazil Localization and Integrations

TargPoint Consulting, via Engineering Informatica

[Eneva](#) | [Enel](#) | [BR Distribuidora](#) | [J1BTAX](#) | [Focus CRM](#) | [Franchisee Management System](#)

Delivered Brazil Localization adjustments and SAP MM/SD integration work across a consolidated portfolio. For Eneva and Enel, the focus was J1BTAX and Brazilian tax requirements. For BR Distribuidora, supported integration between SAP, the Focus CRM platform and the Franchisee Management System, connecting logistics and commercial processes with external applications.

SEIDOR Support Portfolio

SAP MM/SD Consultant | Support and Improvements

TargPoint Consulting engagement

[Concremat](#) | [Tarkett](#) | [NTS](#) | [SAP MM/SD](#) | [Corrections](#) | [Improvements](#) | [Integrations](#)

Provided short, targeted SAP MM/SD support across three clients, addressing corrections, improvements and integrations in logistics and commercial processes.

2012-2020 | BRAZIL LOCALIZATION, SAP MM/SD AND AMS

L'Oréal

SAP MM/SD Consultant | Global AMS and Brazil Focal Point

TargPoint Consulting, via LTI

[Global AMS](#) | [Brazil and LATAM](#) | [Incidents](#) | [Troubleshooting](#) | [Enhancements](#) | [RICEF](#) | [English and Spanish](#)

Served as the Brazil focal point during the transition to a global AMS model. Coordinated incidents, troubleshooting, improvements and RICEF objects for Brazil and Latin America within a multi-vendor environment, using English and Spanish in daily communication with global teams.

SAP Italy Assessment

SAP MM/SD Consultant | S/4HANA Brazil Localization Assessment

TargPoint Consulting, via PL3

[SAP S/4HANA](#) | [Brazil Localization](#) | [Fit Assessment](#) | [Solution Design](#)

Collaborated with SAP Italy on a focused assessment of Brazil Localization requirements for a future S/4HANA implementation, evaluating the fit of Brazilian business and tax processes and the required solution design.

TACO - Fashion Retail

SAP MM/SD and ZTAX Specialist | EFD-Contributions and EFD-Reinf

Direct TargPoint Consulting contract

[SAP MM/SD](#) | [ZTAX](#) | [EFD-Contributions](#) | [SPED PIS/COFINS](#) | [EFD-Reinf](#)

Enhanced and implemented the TargPoint ZTAX solution, connecting SAP processes with Brazilian ancillary tax-reporting requirements. Focused on functional design, solution configuration and integration with SAP MM/SD processes.

VAR-BMS Portfolio

SAP MM/SD Consultant | Brazil Localization and FI Integration

TargPoint Consulting engagement

[Valbormida](#) | [SATA](#) | [SAP MM/SD/FI](#) | [Brazil Localization Assessment](#) | [ZTAX Evaluation](#)

Assessed Brazil Localization rollout requirements across Brazil and Italy, covering SAP MM, SAP SD and FI integration and the potential use of ZTAX. The assignments concluded at assessment stage after the clients selected an alternative solution.

Hemafarma / Laboratorios Carnot

SAP MM/SD Consultant | Brazil Localization Rollout

TargPoint Consulting, via IntechPro

[Brazil Localization](#) | [Nasajon](#) | [SAP MM/SD](#) | [Testing](#) | [Go-live](#) | [Mexico and Brazil](#)

Connected SAP MM/SD processes with Brazil Localization in a pharmaceutical rollout integrated with the Nasajon tax solution. Delivered configuration, testing, go-live and post-deployment support, including project work in Mexico to align Brazilian operating requirements with the regional team.

Ingresso.com

SAP MM/SD Consultant | Brazil Localization, NFS-e and AMS

TargPoint Consulting - implementation through Essence IT and EY, followed by direct AMS

[NFS-e](#) | [Brazil Localization](#) | [Services](#) | [RICEF](#) | [AMS](#) | [Municipal Messaging](#)

Supported the initial NFS-e implementation, including solution adaptations for municipalities not covered by the standard model, testing, English documentation, knowledge transfer, go-live and initial production support. Continued under a direct TargPoint contract with AMS, improvements and RICEF enhancements for service imports, RPS sequencing, forms and purchase-order release strategies.

Copagaz

SAP MM/IS-OIL Consultant | HPM and LPG Processes

TargPoint Consulting, via Decision Group, within a T-Systems delivery

[SAP IS-OIL](#) | [HPM](#) | [LPG](#) | [QCI SDM](#) | [OGSD Integration](#) | [Conversion Rules](#)

Contributed to solution design for LPG purchasing and sales using SAP IS-OIL processes. Addressed a major standard-solution gap through dedicated conversion tables and integration with OGSD.

Ducati Motor Holding

SAP MM/SD Consultant and Integration Lead | Brazil Localization

TargPoint Consulting, initially via KPMG and later under a direct contract

[SAP MM/SD](#) | [Brazil Localization](#) | [NF-e](#) | [SPED](#) | [SAP GRC](#) | [Blueprint](#) | [RICEF](#) | [Go-live](#) | [AMS](#)

Integrated purchasing, imports, warehousing, sales and billing for the Brazilian operation, aligning configuration, master data, SAP GRC, testing, cutover and go-live. Continued after implementation under a direct TargPoint contract, providing AMS and evolving the production environment, including intercompany scenarios and new business requirements.

ThyssenKrupp CSA

SAP MM/WM Consultant | Logistics Support and Improvements

Direct TargPoint Consulting contract

[SAP MM/WM](#) | [Inventory](#) | [Weighing](#) | [Co-products](#) | [Radio Frequency](#) | [CT-e 2.0](#) | [RICEF](#)

Supported logistics processes connecting inventory management, weighing operations, co-products and radio-frequency activities. Managed improvements and RICEF objects, including CT-e 2.0, weighing-system integration and the Radio Frequency Project.

2008-2012 | TARGPOINT FOUNDATION, GOVERNANCE AND PROJECT LEADERSHIP

Souza Cruz / British American Tobacco

SAP MM/SD Design Authority | Solution Governance and Standardization

TargPoint Consulting - first direct client contract

[SAP MM/SD](#) | [Regional Template](#) | [Solution Governance](#) | [Risk](#) | [Compliance](#) | [Testing](#) | [Releases](#)

Served as Design Authority for regional solution governance and standardization. Assessed demands and improvements to preserve alignment between business processes, functional design and the SAP environment. The scope included Zeus, Pre-QI, QI, SAP Solution Manager, ticket governance, testing and release planning.

BRQ

Senior SAP MM Consultant and Change Manager | Procurement, TAXBRJ and Governance

TargPoint Consulting, via IntechPro

[SAP MM](#) | [Procurement](#) | [TAXBRJ](#) | [Account Determination](#) | [Release Strategies](#) | [Withholding Tax](#) | [Change Management](#)

Supported an SAP restructuring initiative connecting procurement, Brazilian tax requirements and governance. Delivered training, supported change adoption and helped prepare processes for SAP Solution Manager.

CEG Rio

Senior SAP MM/SD Consultant | NF-e and Tax Messaging

TargPoint Consulting, via Blend IT

[SAP MM/SD](#) | [NF-e](#) | [Tax Messaging](#) | [Legacy Integration](#) | [Process Redesign](#) | [Functional Testing](#)

Connected purchasing, sales and billing processes with the electronic-invoicing and tax-messaging environment. Worked on SAP configuration, process redesign and functional testing to integrate SAP, legacy systems and the Brazilian tax solution.

SICPA

SAP MM Consultant | Commercial and Logistics Process Improvements

TargPoint Consulting, via Assurance IT

[SAP MM](#) | [Process Analysis](#) | [Configuration](#) | [Gaps](#) | [Testing](#) | [Training](#) | [Functional Specifications](#)

Reviewed and improved commercial and logistics processes through business analysis, SAP configuration, gap identification, testing, user training and functional specifications.

GE Aviation

SAP Project Manager | International Brazil Localization Rollout

TargPoint Consulting, contracted by Mahindra Satyam

[SAP MM](#) | [NF-e](#) | [SPED](#) | [Imports](#) | [Drawback](#) | [Mastersaf](#) | [Softway](#) | [XRT](#) | [Onsite and Offshore Teams](#)

Managed a phase of an international Brazil Localization rollout, coordinating teams across Brazil and India and project governance with the partner team in the United States. Connected Brazilian requirements, offshore delivery and multiple external systems.

Softtek Client Portfolio

SAP Integration Manager and SAP MM/SD Consultant

TargPoint Consulting, via Softtek

[Mills](#) | [La Estampa](#) | [Total Alimentos](#) | [L'Oréal](#) | [Grupo Majela](#) | [CBL Betânia](#)

Combined integration management and SAP MM/SD consulting across baseline assessments, MM-FI integration, SPED PIS/COFINS, logistics and commercial processes, legacy integration, solution proposals and implementation activities. At Mills, maintained cross-workstream coordination during a project-management transition.

[La Estampa](#) | Led business-process discovery and AS-IS logistics mapping for a baseline assessment that concluded the proposed solution was not viable, stopping before implementation.

[Grupo Majela](#) | Managed the preparation of an SAP implementation proposal based on the client's business structure and requirements. The initiative remained in assessment and solution design.

2001-2008 | CORPORATE CAREER AND OIL & GAS FOUNDATIONS

ACCENTURE

SAP MM/SD/IS-OIL Consultant | Workstream Lead and SAP Project Manager | 2007-2008

Built on prior Oil & Gas experience by combining functional consulting with broader workstream leadership and project management across Petrobras, Petróleo Ipiranga and PESA / Petrobras International.

Petrobras

SAP Project Manager and SAP IS-OIL Lead | NF-e and Ship Solution

Accenture engagement

SAP MM/SD | SAP IS-OIL | Ship Logistics | NF-e | Solution Design | Integration | Testing | Change Management

Worked across two complementary initiatives. Managed a pioneering NF-e implementation and led the SAP IS-OIL workstream for the Ship Solution integrated with MM and SD. The work covered outsourcing management, process design, gaps, requirements, training, support, SAP version migration and solution governance.

Petróleo Ipiranga

SAP MM/SD Workstream Lead | Commercial Processes and Data Migration

Accenture engagement

SAP MM/SD | Commercial and Marketing Processes | Migration Planning | Data Loads

Led the Commercial and Marketing workstream, connecting SAP processes with business requirements, migration strategy, data loads and alignment between business and technical teams.

PESA / Petrobras International - Argentina

SAP Workstream Lead | Roles, Authorizations and Access Governance

Accenture engagement

SAP Roles and Authorizations | Access Governance | SAP Solution Manager | International Delivery

Led the access-governance workstream for Petrobras' international operation in Argentina, coordinating role and authorization migration, access requirements, activity tracking and traceability.

BEARINGPOINT

SAP MM/SD and SAP IS-OIL Consultant | SAP Team and Workstream Leadership | 2002-2007

Consolidated SAP MM, SAP SD and SAP IS-OIL expertise across major Oil & Gas engagements, progressing from functional consulting to team and workstream leadership.

Petrobras Distribuidora BR

SAP MM/IS-OIL Team Lead | Downstream and Outsourcing Management

BearingPoint engagement

SAP MM | SAP IS-OIL Downstream | Fuel Distribution | Procurement | Logistics | Outsourcing

Led the SAP MM/IS-OIL workstream in the Sinergia Project, connecting materials management and fuel-distribution processes with business requirements. Covered process design, gaps, demand management, user training, support and team coordination.

Petrobras

SAP MM/IS-OIL Team Lead | Downstream Processes and Support

BearingPoint engagement

SAP MM | SAP IS-OIL | Downstream | Process Design | Enhancements | Requirements | Support

Led the functional workstream in a downstream environment, coordinating processes, gaps, requirements, training, support and continuous evolution of the SAP solution.

Statoil

SAP MM/SD Consultant | Brazil Rollout, Localization and NF-e

BearingPoint engagement across Norway and Brazil

SAP MM/SD | Brazil Localization | Startup Operation | NF-e | Training | International Rollout

Supported the rollout for a newly established Brazilian operation. Assessed AS-IS scenarios, defined operating routines, implemented NF-e processes, trained users and provided post-implementation support, connecting the international project team with the new local organization.

Petrobras SOX Engagement

SAP SD Workstream Lead | SOX Controls and Data Extraction

BearingPoint engagement

SAP SD | SOX | Data Extraction | ETL Reports | Process and Control Analysis | Audit Evidence

Led the SAP SD commercial workstream for Sarbanes-Oxley compliance. Coordinated data extraction, ETL-based reporting, process and control analysis, alignment with auditors and support for evidence required for SOX certification.

MTA - Advanced Automotive Solutions

SAP MM/WM Consultant | Brazil Localization and Process Review

IntechPro engagement

SAP R/3 | SAP MM/WM | Logistics | Brazil Localization | Process and Configuration Review

Reviewed the SAP R/3 solution for materials and warehouse processes at an Italian automotive company, reassessing business processes, configuration and adjustments required for the Brazilian operation.

1999-2002 | EARLY IT AND SAP FOUNDATION

Claro Digital

SAP MM/CO Consultant | Full-Cycle Implementations

Americhel / ATL / Claro environment

SAP MM/CO | Solution Design | Configuration | Testing | Training | Support

Completed three SAP MM/CO implementation cycles, from solution design and development through configuration, testing, user training and support. This marked the start of a SAP career in July 2001.

Americhel / ATL / Claro

Junior Systems Analyst | PeopleSoft Finance and Brazilian Tax Systems

Earlier IT experience before SAP

PeopleSoft Finance | AP | PP | PC | PO | CTM-BR | SQL Fiscal | Process Mapping | Training | Support

Started in IT supporting the implementation of PeopleSoft Finance and Brazilian tax solutions, working across financial and procurement components, process design, gap analysis, requirements, issue management, user training and production support.

EDUCATION

Higher Education Degree

Information Systems Management, Analysis and Design

Veiga de Almeida University | 2004-2006

Technical Diploma

Accounting

Colégio Comercial Municipal Leão Rodrigues de Afonseca | 1994-1996
